

Organization Profile Form April 1st, 2017

Organization name: **eSentire**

Kind of organization: Company

FINTECH/CYBER SECURITY
Active Threat Protection Service

eSentire Managed Detection and Response keeps organizations safe from constantly evolving cyber-attacks that technology alone cannot prevent. Our 24x7 Security Operations Center (SOC), staffed by elite Security Analysts, hunts, investigates and responds in real-time to known and unknown threats before they become business disrupting events.

eSentire absorbs the complexity of cybersecurity, delivering enterprise-grade protection against advanced cyber attacks and the ability to comply with growing regulatory requirements.

Customers select us for our white-glove service and ability to find the threats already lurking in your network, using unmatched forensic investigation capabilities and purpose-built detection and response technology.

Products and Services

Managed Detection and Response (MDR) is a single service that works smarter because it tightly integrates the best of signature, behavioral and anomaly detection capabilities with a rich suite of forensic investigation tools that enable our SOC to block threats in real-time. eSentire also provides:

Advisory Services – helping mid-sized organizations stay ahead of evolving compliance demands and regulatory obligations through gap analysis, security program management, incident response planning, security awareness training, vendor risk management and security architecture reviews.

Core Competencies:

Network security, advisory services (for regulatory compliance)
